DINNER & DANCE
SEPTEMBER 30, 2023

“As we work to create light for others, we naturally light our own way” - Mary Anne Radmacher

www.wrgofnj.org

501(c)(3) charity

Dear Friends,

Welcome to Women's Rehabilitation Group's 40th Anniversary.

Today we celebrate all women around the world and especially the **Indian Women's Team** who spearheaded and successfully landed **Chandrayaan-3 on the moon**. Time and again, women show that they can accomplish anything they set their minds to do with the right guidance and support. That is why **WRG** is constantly striving to support entrepreneurial young women and to nourish and educate a younger generation of women to continue to reach for the stars and the moon.

Your loyal support over the years has taken all of us a long way on this path towards making dreams come true for these deserving women, young and old. We, and they are grateful for your unflagging dedication to our work.

You can read all about the projects that **WRG** supports in our brochure and on our website www.wrgofnj.org and how your donations help improve the lives of so many.

We thank you all for your generous donations, your continued loyalty and your partnership with WRG.

Hope you enjoy tonight's Gala! We have planned a fun filled and nostalgic evening for you.

Thank you for taking the time to spend this evening with us.

Best wishes,

WRG Committee

GUILD OF SERVICE

Sannidhi Vocational Training Institute, Vrindavan, Uttar Pradesh

- Sannidhi Vocational Training Institute has been functioning successfully in Vrindavan, also known as the “City of Widows” and “**Temples**”. The city is a big tourist attraction for devotees of Lord Krishna.
- Ma Dham is home to widows, even those abandoned by their families, and is run by Guild of Service in Vrindavan. Widows and single young women from Ma Dham and five neighboring villages are encouraged to enroll in the Sannidhi Vocational Training Institute.
- Course offerings are: Temple Economy, Geriatric Nursing, Beauty Culture, Computer Literacy, Garment Production and Pickle Making. These courses are of three to six months duration.
- Since trainees are either widows from Ma Dham or destitute girls & women from neighboring villages, the Institute also provides assistance in finding buyers for their products.

Sandhya Sanwardhan Sanstha (SSS), Nagpur, Maharashtra

- Sanstha’s mission is to improve the quality of life of “differently able” children through special education and vocational training with the goal of their eventual rehabilitation.
- A well-rounded education is offered to mentally challenged children and young adults. Support & training is also provided to parents because of the recognition that mentally challenged individuals cannot be rehabilitated without parental support.
- Children and young adults are kept engaged in rehabilitation activities such as making rakhis, Diwali diyas, floral bouquets and the like.
- **There are 110 students enrolled in the school since it has reopened from the pandemic.**

SISTER NIVEDITA FOUNDATION: Sister Nivedita School on Wheels, Rajkot, Gujrat

- Sister Nivedita School on wheels (SNSOW) is headquartered in the city of Rajkot, in the western part of Gujrat. SNSOW is working with 91 rural schools, 20,000 students and 660 teachers, in and around Rajkot district.
- Sister Nivedita Foundation started the SNSOW program in 1994. The school has two mobile buses which take teachers and education material to these 91 rural schools.
- WRG has been supporting SNSOW to encourage girls to continue their education beyond middle school by awarding 22 scholarships to girls who have been promoted to 9th grade. This support ensures their continuing education through high school. Some of these girls aspire to be teachers, lawyers, writer, and musician!
- SNSOW aims to empower rural schools & educate marginalized/underprivileged children.
- **Below are a few of the students we are sponsoring.**

ASIA INITIATIVES: Child Laborer to Entrepreneur

- Udaipur district is in the southwestern part of Rajasthan, just east of the Aravali mountain range.
- WRG in collaboration with Asia Initiatives, and our on-ground partnership with Vidhalaya Udhyaam(VU), help improve the chances of financial success of school dropouts and at-risk children in five villages - Chawand, Ambala, Sannada, Sarada and Badgoan in Udiapur district.
- VU works with 13-18 year olds that are either school dropouts who have become child laborers or at-risk students in government schools in remote and rural areas. VU sets up School Businesses which are both educational and profitable. These businesses are called Mind Maker Labs. Students continue their jobs or schooling and then attend Mind Maker sessions. Students receive instruction on the Maker mindset curriculum, design thinking and entrepreneurial mindset.
- Currently there are over 100 students enrolled and over 40 of them are being supported by WRG.
- **Rita Chaudhry visited Maker Labs in October 2022 & met with Mr. Tiwari who oversees the program & students. Some of the projects they had put together were Solar lights, portable vacuums, magnetic switches & perfumed soaps. Rita Chaudhry was very impressed with students' knowledge & enthusiasm.**
- Such activities encourage students to enhance their life skills & turn inventions into profit making businesses.

ASIA INITIATIVES: DESKIT: A Convertible School Bag/Desk

- Nagada, is a town in the Ujjain district of the Indian state Madhya Pradesh
- In this remote and under-resourced area, acquiring basic infrastructure like desks and chairs remains a major challenge. Students attend classes outdoors and sit on the ground. This not only affects their learning outcome but also creates health issues i.e. chronic back and neck pain at this young age.
- These children belong to low-income and at risk families who depend on schools as an essential community resource and cannot themselves afford to address the gaps in school's capacity .
- WRG is addressing the above issues to improve the learning experience of these under-served students by providing 600 DESKITs to its partner organization Mera Gaon Meri Duniya.
- DESKIT is a unique combination of a lightweight school bag and an ergonomic, foldable, portable and detachable study desk.
- Currently there are 600 students who are benefitting from the DESKITs.
